PROFESSIONAL SUMMARY

An experienced programmer with over three years of experience, focused on contributing to team success through hard work, attention to detail, and strong organizational skills. Passionate about enhancing user experience through innovative technologies, with a solid grasp of professional ethics and a commitment to continuous learning and growth.

WORK HISTORY

Software Engineer (2024 - Present)

INterra Networks - B.O.A Plaza, Abuja

- Developed and maintained RESTful APIs for both new and existing projects, ensuring efficient communication between client-side applications and backend services.
- Collaborated with cross-functional teams to implement new features and enhance existing functionalities, ensuring optimal performance and user satisfaction across client projects.
- Built and deployed both web and mobile applications, delivering responsive, cross-platform solutions integrated with robust backend services.

Intern (2021 - 2022)

National Assembly - Three Arms Zone, Abuja

- Assisted in maintaining and organizing of servers as well as other ICT infrastructures in all offices when needed.
- Creating and maintaining of website for committees

EDUCATION

BTech (Bachelor of Technology) in Computer Science

Federal University of Technology – Minna, Niger State

(2016-2023)

ACHIEVEMENTS HIGHLIGHTS

Cost Savings: Re-modified project structure, cutting server and migration expenses by 30%, leading to significant long-term savings in a previous role.

Mobile App Frontend Developer (React Native): Spearheaded the development of the mobile app frontend for an inter-company vehicle booking system using React Native, improving efficiency for both staff and administrators.

Facial Recognition Attendance System: Developed a Python-based facial recognition attendance system, automating attendance tracking and significantly improving operational efficiency.

SKILLS

Programming Languages

HTML CSS JavaScript PHP React Native

NodeJS Golang Python

Databases

PostgreSQL MySQL Mongo DB

Version Control

Git

Content Management Systems (CMS)

WordPress

Problem Solving

Software Debugging Code Optimization

Analytical Thinking
